Score of 14, Ahead of 46% of All Brands

14

out of 100

Higher than 46% of brands

Presence Score Trend

The Presence Score of 14 reflects Jovia’s overall visibility and activity across monitored online conversations during this period. While the score indicates a modest level of presence on a 100-point scale, Jovia ranked ahead of 46% of all tracked brands, showing that its online visibility outperformed nearly half of the benchmark set.

What the Conversation Actually Sounded Like

Most frequently used words and phrases across all marathon-related mentions:

Current Period vs Previous Period

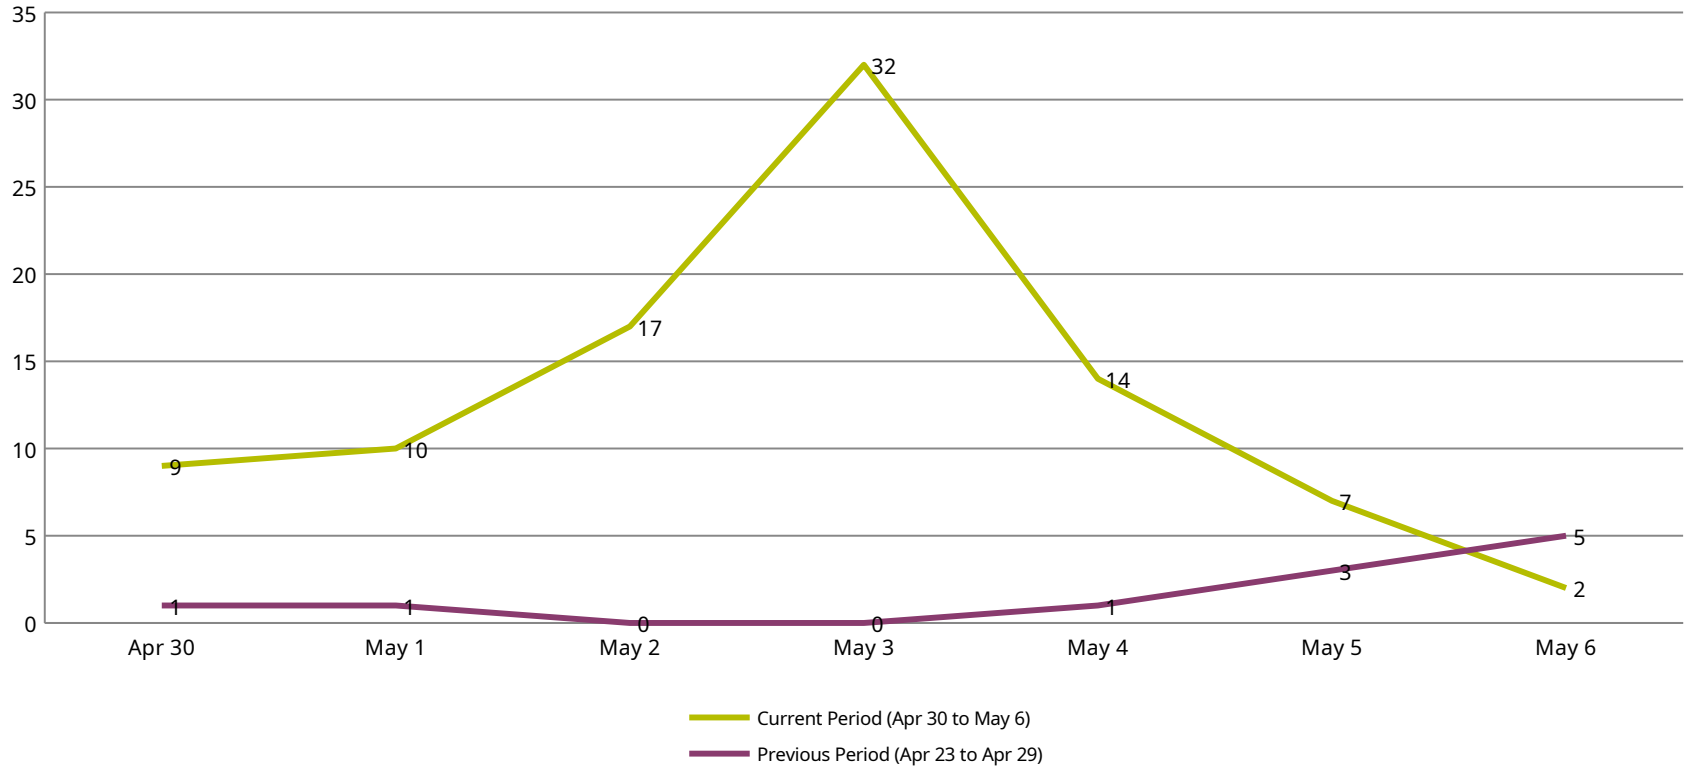

Apr 30 to May 6 vs Apr 23 to Apr 29

Every Number Was Higher, Often By a Lot

Metric	Current Period (Apr 30 to May 6)	Previous Period (Apr 23 to Apr 29)	Change
Total Mentions	91	11	up +727%
Social Media Mentions	85	9	up +844%
Non-Social Media Mentions	6	2	up +200%
Social Media Reach	256K	14,956	up +1,611%
Non-Social Media Reach	62,090	3,163	up +1,863%
User Generated Content	87	10	up +770%
